International scientific journal published bimonthly.

Aims and Scope

The Turkish Journal of Anaesthesiology and Reanimation (Turk J Anaesthesiol Reanim) is the open access, online-only, and scientific publication organ of the Turkish Society of Anaesthesiology and Reanimation. The journal is published in accordance with independent, unbiased, and double-blind peer review principles. The journal is published bimonthly, in February, April, June, August, October, and December.

The publication language of the Turkish Journal of Anaesthesiology and Reanimation is English, and the journal requires UK spelling. When preparing their manuscript, authors should use British spellings throughout. However, the journal welcomes manuscripts both in Turkish and English for evaluation; however authors of articles written in Turkish are required to provide the journal with the English version of their accepted article prior to publication.

The aim of the journal is to contribute to the literature and field of anaesthesiology by publishing clinical and experimental research articles, case reports, letters to the editor, study protocols, and scientific conference proceedings that are prepared in accordance with the ethical guidelines in the fields of anaesthesiology, intensive care, and pain therapy. As of 2022, Turkish Journal of Anaesthesiology and Reanimation will not give as much priority to case reports and letters to the editor in the evaluation and publication process. Before submitting your manuscript, please take this into account.

The target audience of the journal includes specialists and medical professionals working in the fields of anaesthesiology, intensive care, and pain therapy.

The editorial and publication processes of the journal are shaped in accordance with the guidelines of the International Committee of Medical Journal Editors (ICMJE), World Association of Medical Editors (WAME), Council of Science Editors (CSE), Committee on Publication Ethics (COPE), European Association of Science Editors (EASE), and National Information Standards Organization (NISO). The journal is in conformity with the Principles of Transparency and Best Practice in Scholarly Publishing (doaj.org/bestpractice).

The Turkish Journal of Anaesthesiology and Reanimation is indexed in PubMed Central, Web of Science - Emerging Sources Citation Index, China National Knowledge Infrastructure (CNKI), TUBITAK ULAKBIM TR Index, EMBASE, Scopus, EmCare, CINAHL, ProQuest, Gale.

Processing and publication are free of charge with the journal. No fees are requested from the authors at any point throughout the evaluation and publication process. All manuscripts must be submitted via the online

submission system, which is available at www.turkjanaesthesiolreanim.org. The journal guidelines, technical information, and the required forms are available on the journal's web page.

All expenses of the journal are covered by the Turkish Society of Anaesthesiology and Reanimation. Potential advertisers should contact the Editorial Office. Advertisement images are published only upon the Editor-in-Chief's approval. Statements or opinions expressed in the manuscripts published in the journal reflect the views of the author(s) and not the opinions of the Turkish Society of Anaesthesiology and Reanimation, editors, editorial board, and/or publisher; the editors, editorial board, and publisher disclaim any responsibility or liability for such materials.

Open Access Statement

The Turkish Journal of Anaesthesiology and Reanimation is an open access publication, and the journal's publication model is based on Budapest Open Access Initiative (BOAI) declaration. All published content is available online, free of charge at <https://turkjanaesthesiolreanim.org/EN>. Authors retain the copyright of their published work in The Turkish Journal of Anaesthesiology and Reanimation. The journal's content is licensed under a Creative Commons Attribution (CC BY) 4.0 International License which permits third parties to share and adapt the content for any purpose by giving the appropriate credit to the original work.
